

Canus Goat's Milk ~ Nature by Canus

WATERBURY, Vt.—Canus Goat's Milk Skin Care released Nature by Canus, an all-natural, fragrance-free skin care line designed for women's facial health and wellness. Nature by Canus is a line of fresh goat's milk products that uses organic ingredients whenever possible to promote smooth, healthy complexions. Each Nature by Canus formula is hypoallergenic and uses botanicals with proven hydrating capabilities. The Nature by Canus line includes three products. The Moisturizing Clay Mask contains a blend of clay minerals including Kaolin, and organic ingredients like shea butter, aloe and jojoba oils designed for absorption, clearing toxins and impurities, and improving hydration. The Hydrating Facial Scrub is infused with organic acai power, organic jojoba oils and castor beans designed to gently rinse away dead cells and increase hydration. The Daily Face Cream contains cupuacu and muru-muru butters, organic jojoba oil and shea butter to help restore flexibility, moisture retention and elasticity. Fresh goat's milk contains capric and caprylic acids to help maintain product alkalinity levels close to human skin. All Nature by Canus products are dermatologist tested, and free of gluten, parabens, phosphates and phthalates.
